

GLOSSARY OF TERMS:

- **Factory Seconds:** These parts have been marked as Factory Seconds due to minor defects including, but not limited to one of the following: FINISH FLAWS - PROUD METAL - COSMETIC FLAWS - FIT – none of which affect the performance of the stock.
- **Out of Stock:** YES, you can order an item that states *Out Of Stock*. However, if you don't want to wait, *please* contact one of our dealers at the top of the page.
- **Proud metal:** over sanded in an area where the **metal** is no longer flush with the wood.
- **Proud wood:** Under sanded in an area where the wood stands out above the metal. Areas of proud wood can easily be sanded flush to the metal.
- **Rifle Blank:** Wood blank with dimensions of: 7" X 2 ¼" X 34"
- **Semi-Inlet (SI)** refers to parts that have been completely shaped and 95% machine inlet. Stocks are rough sanded the same as VIP stocks, and unless otherwise specified, are shipped with a BOYDS' plastic butt plate. Semi-Inlet stocks do require some knowledge of firearms and woodworking for installation.
- **Uninlet:** Outside shape only. NO inletting.
- **Virtual Inlet Part (VIP):** Reference stocks which have been precision machined with the intention of eliminating hand fitting. Exteriors are completely shaped, and in areas of wood-to-metal, we have left proud wood over the metal so you can do the final sanding to get that perfect wood-to-metal fit. *NOTE: Minor fitting may be required on Mauser stocks due to the wide variety of Mauser actions available. The bolt cut will also need to be put in.*
- **VT/Varmint Thumbhole Stocks:** These are no longer a standard item for our website sales. Please contact one of our dealers from the link at the top of the page.
- **Wood Upgrades:** We only offer what you see on the web.
